

Partners Employment Recruitment Initiatives

At Partners Employment we understand that recruiting can be a challenging process. To assist you with finding your next employee we provide a range of pro-active recruitment initiatives designed to inform you of the most highly skilled candidates available in your area now.

Onsite Managed Service

Partners Employment can provide a tailored Onsite Managed Service to suit your business needs. We become an embedded business support function, allowing you to focus all your efforts on running other areas of your business. We can meet all of your needs when high volume agency labour is required and already successfully work alongside many blue-chip companies within the UK.

‘WOW’

Our Walk out Working ‘WOW’ service recognises exceptional talent at the point of registration to ensure that these skilled candidates are placed on assignment immediately.

5 Star Staff

Need last minute temporary cover? Our 5 Star Staff service will advise you of the best Production and Non Production, skilled, semi-skilled and non skilled temporary workers available for long term and short term assignments now...speak to us today and we will activate this service for you.

SkillsNow

We have particular skills in finding permanent staff with the specific technical skills to match the diverse needs of the employers through our SkillsNow service. These include Engineers, Electricians, Welders, Technicians, IT and Software Specialists, Specialist Machine Operators and more.. contact our recruitment consultants and we will do the rest.

Professionals on the Move

Our specialist service for recruiting your Senior Managers and Supervisors. This service is particularly suitable when you need to recruit high calibre staff.. just ask and we will do the rest.
